Engaging and dynamic classes using games and drills to develop tennis skills. Children are motivated to learn through fun lessons adapted for their age range.

Kids (ages 7-9)

This age group is a mix of continual development of agility, team-work, and hand-eye coordination while also beginning to develop finer skills and fun games.

Youth (ages 10-14)

This is a very important stage where kids develop their skills, emphasizing technique and focus, while still being fun. They also will learn how to play the game and a sense of personal achievement.
